These plats also contain specific limits on the maximum allowable area of disturbance to each of the lots in Fishing Creek Farm. The final recorded subdivision plats of Fishing Creek Farm are intended by the Declarant to be included within the terms of this Declaration by reference as if fully

set forth herein, and the building and development restrictions set forth on the said plats are intended to be observed and enforced in the same manner and by the same parties as if contained in this Declaration. The buffer areas established for tidal and non-tidal wetlands are not to be cleared or disturbed in any way, and are intended to remain in their state of natural vegetation in order to provide continued preservation of existing wildlife habitat. No trees shall be removed from such buffer areas unless diseased or damaged by lightning or other natural occurrences. The maximum area of disturbance specified for each lot is intended to create a maximum building envelope for each lot which will govern the maximum amount of such lot which may be cleared, graded and/or occupied with structures (principal structures and accessory structures, including pools, patios and other improvements). None of the restrictions noted on the final subdivision plats or in this Declaration shall be construed to restrict the planting of additional trees, shrubs, flowers or other vegetation on the lot, including any portion of such lot within a specified buffer area.

The open space areas depicted on Plats Three and Four of "Fishing Creek Farm" adjacent to Fishing Creek Open Space Parcels "H" and "I" are limited to passive recreational uses. Accordingly, the use of vehicles within these open space areas is prohibited. The area of each lot outside the "maximum disturbed area" envelope is to be left undisturbed. No marina

or boat docking uses are permitted on either of these open space parcels. These restrictions shall not preclude a fishing or crabbing pier into the waters of Fishing Creek for use by the members of the Association.

Reserve Parcel "B" on Plat Five of "Fishing Creek Farm" is within the required buffer areas protecting the shoreline and tidal wetlands, and is to remain undisturbed.

The "Recreational Area B" shown on Plat Nine of "Fishing Creek Farm" is to be used for passive recreational uses only, and not developed for active recreational uses or facilities. It is the intent of the Declarant that this Recreational Area be preserved and protected in its natural state to the extent possible and practical while still providing the improvements and facilities necessary for the common use of the property by the members. Such facilities shall include walking trails and pathways, observation decks and areas and other facilities providing pedestrian (non-vehicular) access to such areas. Recreation Area "A" shown on Plat 8 of Fishing Creek Farm may be used and developed by the Association as the site of a community pier. Any such development will be subject to all use and development restrictions herein, all County, State and Federal regulations then in effect* including those regulations applicable to community-pier special exceptions contained in the Zoning Regulations of Anne Arundel County.

ARTICLE VIII

GENERAL PROVISIONS

Section 1. Enforcement. The Declarant, the "Fishing Creek Farm Homeowners Association, Inc." (the "Association"), or any Lot owner shall have the right to enforce by any proceeding at law or in equity, including administrative remedies, all restrictions, conditions, covenants, reservations, liens and charges now or hereafter imposed by the provisions of this Declaration, the subdivision plats and other recorded documentation governing the development of "Fishing Creek Farm." These covenants, conditions and restrictions and the final plats of subdivision of "Fishing Creek Farm" contain numerous and extensive provisions and restrictions required under the State and County "Critical Areas" statutes. The provisions hereof and on the final subdivision plats which are embodied in the said statutes and other County ordinances are enforceable by Anne Arundel County through its enforcement procedures. Section 2. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no wise affect any other provisions which shall remain in full force and effect.

Section 3. Amendment. The covenants and restrictions of this Declaration shall run with and bind the land, for a term of

Any amendment must be recorded.

Section 4. Annexation. Additional residential property and Common Area may be annexed to the Properties with the consent of two-thirds (2/3) of each class of members.

Section 5. Notices. Any notice required to be sent to any Member or Owner under the provisions of this Declaration shall be deemed to have been properly sent when mailed, postage prepaid, to the last known address of the person who appears as Member or Owner on the records of the Association at the time of such mailing.

The Declarant, their heirs, legal representatives and successors, notwithstanding any other provision herein to the contrary, shall at all times have the right to fully transfer, convey and assign all of their right, title and interest under this Declaration, provided that such transferee, grantee or assignee shall take such rights subject to all obligations also contained herein.
